

RENEB Memorandum of Understanding

The partners agreed to a formal structure of the RENEB network, that is based on a legally not binding agreement in form of a Memorandum of Understanding (MoU).

This agreement is the fundamental basis to maintain the identity of the network after the end of the project (December 2015) and is considered as a basis for more binding structures in the future.

The aim of the MoU is to provide assistance to all EU states, including those without a national capability. In January 2016, a total of 27 organizations from 16 European countries have signed the MoU.

RENEB partners with a signed MoU as of January 2016

Acronym	Organisation	Country
BfS	Bundesamt für Strahlenschutz	Germany
CEA	Commissariat à l'Énergie Atomique et aux Energies Alternatives	France
ENEA	Agenzia Nazionale per le Nuove Tecnologie, L'Énergia e lo Sviluppo Economico Sostenibile	Italy
